1	NEWPORT BEACH, CALIFORNIA; WEDNESDAY, MARCH 9, 201	5 1	will be my sixth year to teach this specific course.
2	9:12 A.M.	2	Q. Did you teach on GHTF last year?
3		3	A. Yes.
4	PEGGY PENCE, PH.D.,	4	Q. The year before that?
5	called as a witness, having been first duly sworn, was	5	A. I don't recall without checking back on my
6	examined and testified as follows:	6	notes and PowerPoint slides because I update them every
7		7	year. Let me say I suspect, to the best of my
8	EXAMINATION	8	recollection, that I did because I have always also
9	BY MS. SUTHERLAND:	9	taught an international conference on harmonization,
10	Q. Good morning.	10	which is relevant to drugs, and the GHTF is analogous to
11	A. Good morning.	11	the international conference on harmonization but for
12	Q. Would you please tell me your full name?	12	medical devices, GHTF for medical devices. And I teach
13	A. Peggy Jo Clark Pence.	13	about both medical devices and drugs. So I suspect I
14	Q. Dr. Pence, what is your address?	14	have been doing it for several years. I just would have
15	A. 1533 Miramar Drive, Newport Beach, California	15	to to the extent to which I have been talking about
16	92661.	16	it, because there's a lot to cover, and essentially, I
17	Q. Is that your business address?	17	have 12 weeks to cover a tremendous amount of material
18	A. It is my home address as well as I have an	18	So the extent to which I addressed it, I don't recall
19	office there as well, and then I have a satellite office	19	specifically as I sit here today without checking back
20	in Newbury Park.	20	thinking back to two years ago.
21	Q. You used to live where before?	21	Q. I'm sorry, the last part of that was?
22	A. Newbury Park.	22	A. You had asked me about two years ago did I
23	Q. So you still have that. Is that where your	23	teach it.
24	employees are?	24	Q. So the answer was you think you have taught it
25	A. We all work remotely. It's an address for a	25	longer than two years ago?
	Page 11		Page 13
1	satellite office, but we're all working remotely from our	1	A. This is my sixth year to teach this particular
2	homes at this point in time.	2	class.
3	Q. Are you still teaching?	3	Q. You think you have taught on GHTF longer than
4	A. Yes.	4	the last two years, but you would have to check to be
5	Q. Are you currently teaching or about to start?		
_		5	
6		5 6	sure. Would that be fair?
6 7	A. My class starts April 5th.	5 6 7	sure. Would that be fair? A. Yes.
	A. My class starts April 5th. Q. How long will that be?	6	sure. Would that be fair? A. Yes. Q. On your GHTF course material, do you use
7 8	A. My class starts April 5th.Q. How long will that be?A. It goes through the end of June.	6 7	sure. Would that be fair? A. Yes. Q. On your GHTF course material, do you use specific guidances?
7 8 9	A. My class starts April 5th.Q. How long will that be?A. It goes through the end of June.Q. And remind me what you teach?	6 7 8 9	sure. Would that be fair? A. Yes. Q. On your GHTF course material, do you use specific guidances? A. I give them guidances to review as part of I

4 (Pages 10 to 13)

Page 14 Page 16 1 you name them for me, the ones you use in class? 1 and have them printed, but it's probably --2 A. I'd have to check back to tell you specifically 2 MR. KUNTZ: Whatever you want to do. I think 3 3 the ones that I use in class, but more than likely, they the last depo we turned them around pretty quick. 4 THE WITNESS: It took them a while to get them would be the essential principles of safety and 5 5 performance. They would have to do with the clinical back to me. I think there was confusion about my 6 evaluation, labeling guidances, conformity assessment 6 address. If we can just get them back quickly. 7 7 guidances. Also, I usually have a guest speaking that BY MS. SUTHERLAND: 8 8 comes in and talks about quality management systems, so Q. While we're here, give me again the street 9 9 it would include the guidances on quality management address where you want them shipped back? 10 10 systems that they would have as well, clinical A. 1533 Miramar Drive, Newport Beach, California 11 investigations. 11 92661. 12 12 Q. Do you have a syllabus that you have already Q. Would you mind if I put stickers on them, or 13 put together for the upcoming class that you're going to 13 would you like me to tape them, for marking the binders 14 14 teach in April? as exhibits? 15 15 A. Not yet. Been too busy. A. Whatever you want to do. 16 Q. Do you need to get working on that? 16 MS. SUTHERLAND: I'll stick a sticker on the 17 A. Yes. I'm waiting on the contract, and then it 17 outside, and I'm sure you can scrape it off later. 18 will happen in the next couple of weeks. 18 I'll mark as Exhibit Number 5 your white binder 19 19 MS. SUTHERLAND: I'm going to hand you what I called "Prosima Systems" that is listing your February 20 marked as Depo Number 1 and that's your notice. 20 expert report and your March supplemental report, and it 21 (Defendant's Exhibit 1 was marked for 21 appears there are three tabs in it and a number of 22 22 identification by the court reporter.) colored tabs, five tabs, and supplements. 23 23 BY MS. SUTHERLAND: (Defendant's Exhibit 5 was marked for 24 Q. Did you bring some documents with you today? 24 identification by the court reporter.) 25 A. I did. 25 THE WITNESS: That's the supplement and the Page 15 Page 17 1 Q. Can I take a peek at what you brought? Just 1 exhibits to the supplement. 2 this binder? 2 BY MS. SUTHERLAND: 3 A. No. I have others, too, in case you need them. 3 O. That will be Number 5, and I will hand that 4 You were asking about GHTF documents. Those 4 back to you. 5 Number 6 I will mark -- I knew this looked are ones that have been referenced in my report. I also 5 6 brought FDA proposed orders and the reclassification of 6 familiar with Cavness marked out and MDL marked on there 7 7 transvaginal mesh for pelvic organ prolapse repair. This A. My staff knows that Cavness was Prosima. 8 is the document, the compilation of the documents that 8 Everything that's Prosima, they write Cavness on it. 9 are footnoted in my Prosima report. 9 MS. SUTHERLAND: So I will mark as Exhibit 10 Q. Ethicon documents? 10 Number 6 your orange binder that has tabs in yellow with 11 A. Ethicon or other documents that are referenced, 11 numbers delineated on the side which would reflect 12 publications that are referenced in footnotes in the body 12 footnote numbers? 13 13 THE WITNESS: Yes. of my main report. 14 Q. Now, if I want to get copies of your binders, 14 MS. SUTHERLAND: And if we could, when we get 15 do you remember how we have done that before? 15 those copies made, we'll have the tabs the same that 16 16 A. We have done it two ways. Last time they were delineate the numbers. 17 17 taken and returned to me, but it took a while to get them (Defendant's Exhibit 6 was marked for 18 18 back, so I'm not sure why it took so long. I will need identification by the court reporter.) 19 19 BY MS. SUTHERLAND: them for reference. If they were to be taken, could they 20 be returned quickly? That's how we did it the last time. 20 Q. There are orange tabs. Those just separate the 21 21 Q. If we could -- we'll work with Golkow to make actual documents? 2.2 sure we have a quick turnaround. Would that be okay with 22 A. The pages of the report. The pages of the 23 you if Kristi took them and then we made an effort to be 23 report -- the way Christine put that together was the 24 24 pages of the report, and then behind the pages of the sure we got them back to you? 25 A. Yes. We can either do that or I can take them 25 report is the documents that are referenced in the

5 (Pages 14 to 17)

6 (Pages 18 to 21)

Page 22 Page 24 1 1 allows -- frankly, I think it just organized it and Q. I understand that. To get an answer to my 2 tailored it to what we were going to talk about were 2 question, other than Dr. Weisberg's deposition and the 3 3 issues. I don't think there's any new opinions. It is exhibits attached to his deposition, are there other 4 4 what it is, I agree. materials that were not available to you prior to 5 5 BY MS. SUTHERLAND: February 1, 2016, that you cite in your supplemental 6 Q. Is there anything in your supplemental report 6 report? 7 that you're relying on that was not available to you 7 A. No. 8 8 before February 1, 2016? Q. Now, in your supplemental report, as I 9 A. I had not had an opportunity to review 9 understand it, that applies to, obviously, the Prosima 10 Dr. Weisberg's late 2015 testimony with regard to the 10 report from February of 2016? 11 label changes for Gynemesh PS. 11 A. Yes. 12 12 Q. Do you know when he was deposed? Q. And then you reference four Prolift reports; 13 A. If I recall, it was in November. 13 correct? Q. Twelve and thirteen? 14 14 A. Yes. 15 Q. Now, as far as any Ethicon mesh devices to 15 A. Yes, of 2015. Q. Do you know if the transcript was available for 16 16 treat prolapse, are those the reports we're talking 17 that prior to February 1, 2016? 17 about? 18 A. I anticipate it was. 18 A. Yes. 19 19 Q. When did you get a copy of it? Q. So four for Prolift, one for Prosima, and then 20 A. I don't recall the exact date. 20 the supplement? 21 Q. Did you get a copy of it in March? 21 A. Yes, and two of the Prolift were supplemental 22 22 A. No, I did get it prior to that. reports. 23 23 Q. Did you get a copy of it before your Q. Now, when did you draft your supplemental 24 February 2016 Prosima report? 24 25 A. I don't recall specifically as I sit here 25 A. The March 3rd, 2016, one? Page 23 Page 25 1 1 O. Yes, ma'am. today. 2 MR. KUNTZ: I'll have to make a record because 2 A. It would have been late February to early 3 I have to. I don't think that that -- my position is 3 March. 4 4 that it's just reliance materials that further support Q. Why did you draft it? 5 5 her opinions that she's been given for four or five years A. Because I felt after when I reviewed -- when I 6 in this litigation. It's not a new opinion. In fact, 6 had an opportunity to review Dr. Weisberg's deposition 7 7 Ethicon changed the IFU to list things she's been saying and the attachment, the exhibits, I mean to say, to that, 8 8 for three or four years that should have been in the IFU. I recognized that it was additionally supportive of my 9 I don't think it's a new opinion. I think it's 9 opinions because the modifications, the revisions to the 10 supplemental materials that support her opinion, and the 10 labeling as regards to risk information, included 11 rules allow you to file supplemental reliance list 11 information that, from my original reports dating back to 12 30 days before trial. 12 2012 for my first Prolift report, in fact, contained 13 13 BY MS. SUTHERLAND: information that ultimately Ethicon added after they 14 Q. Other than Dr. Weisberg's deposition 14 received notification from Health Canada that Health 15 transcript, were there any other materials that weren't 15 Canada was requesting updates to the labeling. And I 16 available to you before February 1, 2016, in your 16 thought that was substantiation of my opinions, and it 17 17 supplemental report? was important to document that. In the course of doing 18 18 A. Of course, along with his -- Dr. Weisberg that that, I also decided to add some additional information is -- deposition, the exhibits that were attached to 19 19 supportive of my opinions about failure to test from 20 that, of course, but as I stated in my supplemental 20 other authoritative bodies. 21 21 report, there are no new opinions. I didn't change any Q. Why did you feel like you needed to add other 22 opinions. I just provided supplemental to my prior 22 information from other authoritative bodies in your reports, I should say, information that I thought was 23 23 supplemental report? 24 24 additionally supportive to my opinions, my prior A. I thought it was important to -- I have added 25 opinions. 25 it in some other reports that I have done that I hadn't

Page 26 Page 28 added initially, if I recall correctly as I sit here A. You'll note that when I wrote my Prosima 2 today, in my first Prolift report. And I thought it 2 report, which is dated February 1st, that it has an 3 3 exhibit, the GHTF information, and that is not the first would be helpful and that I would add it as a result of that since I was updating the report, and then, of 4 4 report for mesh products where I included GHTF. Back, if 5 5 course, the GHTF information. I'm recalling correctly, in 2014, I wrote a Boston 6 Q. Is the GHTF information material that was not 6 Scientific report in which I included GHTF information, 7 included in your Prolift 2012 report? 7 and so when I wrote the Prosima report, I included the 8 8 GHTF information understanding instead of FDA regulations A. That's correct. 9 9 Q. Was the GHTF information included in your -- I based on my understanding of the concerns about FDA 10 10 think it's 2014 Prolift report? sometimes being allowed, sometimes not being allowed, and 11 11 A. No. that there are other standards on which to rely. So when 12 12 Q. So the only GHTF information that you have I was doing the supplement, I realized that I had never 13 supplied now for Prolift is your March 2016 supplemental 13 done that for Prolift. Prolift only has FDA information 14 and that it was appropriate and relevant to also include 14 report; is that correct? 15 15 the GHTF information for Prolift as well as Prosima. A. Yes. 16 Q. Did you review any ruling by Judge Goodwin 16 Q. Would it be fair to say that you added in the 17 addressing the scope of your opinions before you drafted 17 GHTF information in your Prosima February 2016 report in 18 your supplemental report? 18 part because of Judge Goodwin's order excluding opinions 19 MR. KUNTZ: Objection. Vague as to time. What 19 where you just rely on FDA regulations? 20 20 opinion? A. That isn't recent. Although this Exhibit 9 is 21 21 BY MS. SUTHERLAND: dated May 2015, as I mentioned, I had previously added 22 22 Q. Do you understand my question? GHTF into a prior report understanding, back a couple 23 23 A. Yes, but if you'll repeat it, please. years or more ago, that at least for the MDL litigation, 24 24 Q. Absolutely. Let me ask it this way: Have you that the FDA was not to be a part of that litigation, and 25 ever reviewed any opinion from Judge Goodwin addressing 25 there are other standards that the industry relies on Page 27 Page 29 1 the scope of your opinions that he would allow at trial? 1 that are relevant internationally, and in particular to 2 A. Yes, some time ago I did. 2 the U.S. and that the U.S. has participated in 3 Q. Did you review an opinion from May of 2015 in a 3 establishing those standards, so that to exclude other 4 Boston Scientific order addressing the scope of your 4 standards was not presenting a comprehensive approach to 5 5 opinions? the available evidence to support my opinions. 6 A. I don't recall the date of the order 6 Q. If I'm understanding you correctly, I believe 7 7 specifically. If you have it, I can take a look at it you testified that you're not offering any new opinions 8 8 and tell you if that's what I reviewed. regarding Prolift other than what was set out in your 9 MS. SUTHERLAND: I'm going to hand you what I 9 2012 and 2014 reports; correct? 10 10 am marking as number 9. A. That is correct. 11 11 Q. And in those 2012 and 2014 reports, what you (Defendant's Exhibit 9 was marked for 12 identification by the court reporter.) 12 relied on to support your opinions in part were FDA 13 BY MS. SUTHERLAND: 13 regulations; correct? 14 Q. Take a look at that and tell me if that's the 14 A. Yes, as a regulatory expert working in the 15 opinion by Judge Goodwin that you may recall reviewing. 15 United States. 16 For ease of reference, your part begins around page 9. 16 Q. That would seem to make sense, wouldn't it? 17 17 A. I did find it, thank you. I am going through A. Exactly, but there are additional standards, 18 18 it to see if it seems like what I reviewed. This appears and because I am a regulatory expert working in the U.S., 19 19 to be what I reviewed, if not very similar to what I I initially included FDA standards. Recognizing that for 20 20 certain courts that that information may not be allowed 21 21 Q. Dr. Pence, after you reviewed deposition to be presented, I wanted to provide a more comprehensive 22 Exhibit Number 9, or if I understand your testimony 22 and broader base for my opinions and reflect the 23 correctly an opinion similar to it, did you decide to add 23 international standards, which include much of the same 24 24 in information about GHTF to your reports about Ethicon types of information, but it's an international standard 25 mesh? 25 that substantiates my opinions.

	Page 30		Page 32
1	Q. Is it your testimony that the opinions on	1	different than Exhibit 1 that goes to the supplemental
2	Prolift that you offered in the 2012 and 2014 reports,	2	report; correct?
3	you're not relying on FDA regulations to support those	3	A. It has some additions.
4	opinions?	4	Q. The supplemental report has some additions?
5	A. No, that's misrepresenting what I'm trying to	5	A. Yes.
6	say.	6	Q. Within that month time frame, from February to
7	Q. Then let me follow up.	7	March, why did you add in the supplement additions?
8	Is it your testimony then that, in fact, you	8	A. I felt they were helpful.
9	are still relying on FDA regulations to support the	9	Q. Can you tell me which ones you added in?
10	opinions you set out in your 2012 and 2014 Prolift	10	A. We can do a comparison here. One thing I know
11	reports?	11	for sure that I added was further information on the
12	A. The best way to answer that is that both FDA	12	process by which the GHTF documents were developed, and
13	regulations and the GHTF guidances support my opinions.	13	that is its own section, Section 4, starting on page 11
14	So I'm not saying that my opinions aren't supported by	14	of Exhibit 1 to the supplemental report, titled
15	FDA regulations. They are, but my opinions are also	15	"Supplementary Information Regarding GHTF Procedures:
16	supported by the GHTF guidance documents. The GHTF	16	All Decisions and Actions By Consensus."
17	the purpose of that was to harmonize international	17	Q. While we're on that, let me interrupt you for
18	standards.	18	just a minute.
19	Q. I'll get to that. Let me get back on track. I	19	The five study groups that you list there on
20	got off my outline.	20	page 11, are those the only five study groups that GHTF
21	Looking back at your supplemental report, there	21	had during the 20-year time frame that it was ongoing?
22	are two exhibits to that; correct?	22	A. To my understanding, that's correct, yes.
23	A. Yes.	23	Q. Now let me ask you: Do you know the makeup of
24	Q. When I say supplemental report, I know you have	24	any of the study groups?
25	got a TVT supplemental report I haven't marked yet. For	25	A. Can you clarify what you mean by makeup?

First of all, let me ask you: How do you know AdvaMed was in the study groups?

9 (Pages 30 to 33)

Page 34 Page 36 1 Scientific was, to the best of my recollection, I believe 1 sit here today. 2 Medtronic was, some of the ones I was able to find, best 2 Q. The years that AdvaMed, from what you saw, 3 3 worked with GHTF, do you know those years? of my recollection, as I sit here today. 4 4 A. I don't recall those specifically as I sit here Q. How did you find them? 5 5 A. By Internet searching and trying to find today. 6 information on the identity of who was in particular 6 Q. Now, if I asked you the same questions with 7 7 respect to Johnson & Johnson, do you know whether or not 8 8 Johnson & Johnson was ever a member of GHTF? Q. Just trolling through the Internet, 9 9 essentially, to find out? A. I don't know as I sit here today. I don't have 10 A. Doing specifically directed searches looking to 10 a list of all of the membership. 11 see what I could find to support that information. 11 Q. You did say Boston Scientific; right? 12 12 Q. Now, in your searches, was Ethicon ever a A. Yes. 13 member of any of the five study groups at GHTF? 13 Q. Do you know when Boston Scientific was a member 14 of GHTF? 14 A. I don't recall seeing Ethicon specifically, as 15 A. I don't recall the date as I sit here today. 15 I sit here today. Q. What about J&J? 16 Q. Do you know which study group they might have 16 17 A. A lot of that information just isn't available 17 been in? 18 online. I can't say if they were or were not, but they 18 A. I don't recall as I sit here today. Q. I was curious on that one. 19 were certainly represented by AdvaMed. 19 20 20 Q. Were they a member of AdvaMed at the time What about any other pelvic mesh manufacturer? 21 AdvaMed was a member of GHTF? 21 A. As I said earlier, the information on specific 22 22 memberships and the different study groups, although I A. I don't have that specific information as I sit 23 23 here today, but certainly, AdvaMed, the working group did look for it, I was unable to find a great deal of 2.4 that put together a presentation for the 2011 advisory 24 information about that, except to know as it's set out 25 meeting, Ethicon participated in that and that was 25 that in the membership of GHTF, that it is an equal -- it Page 35 Page 37 1 through AdvaMed. 1 was, as you know, disbanded and transferred to IMDRF, 2 Q. That was for FDA, though; right? 2 which is all regulators. But during its 20-year history, 3 A. Yes. 3 the aim was to be an equal partnership between industry 4 Q. But we're talking about GHTF. 4 and the regulators internationally with the five founding 5 A. Yes, I understand that, but they were certainly 5 members, and then there's some additional groups that 6 working through AdvaMed at that time. 6 ioined as well in 2006. 7 7 Q. So let me close the loop on that. Q. Why did it disband, GHTF, do you know? 8 8 Do you have information showing that in 2011, A. I don't have specific reason to offer as to why 9 at the same time that Ethicon was in AdvaMed working for 9 they disbanded. They did transfer their work over to 10 the FDA group in 2011, that they were also working in one 10 IMDRF, and it's made up of voluntary membership of regulators, IMDRF. 11 11 of the study groups in GHTF? 12 Was that a convoluted question? I can ask that 12 Q. Is FDA a member of IMDRF? 13 13 better. A. Yes. To my understanding, that's correct. 14 14 Q. When did GHTF disband? A. Yes. 15 Q. Your pretext or your preface is that Ethicon 15 16 was working with AdvaMed in 2011 during the whole time 16 Q. Did IMDRF, to your knowledge, ever make some 17 17 frame with the panel meeting and FDA in 2011? sort of statement adopting the GHTF guidances? 18 18 A. Yes. A. Yes. If you go on the IMDRF website, you will 19 19 Q. Now, as I understood your testimony, you see that they have GHTF archives, and then they have a 20 initially said that you knew that Ethicon was in AdvaMed 20 section where you can have IMDRF documents and GHTF 21 2.1 and that AdvaMed was working with GHTF? documents. And the GHTF documents and all of those that 2.2 22 are included in the binder that we marked as Exhibit 8 A. I knew that they were a member of AdvaMed. 23 Based on the information that I have, it appears that 23 are considered current based on that website. If you go 24 24 they're a member of AdvaMed. The years of their on the IMDRF website, you will see archived documents 25 membership, I don't have that information available as I which they will tell you are no longer considered

	Page 38		Page 40
1	current. They are there for reference. They have a list	1	should say.
2	of GHTF documents which are considered current posted on	2	Q. I'm trying to follow you there.
3	their website.	3	Does she not have a college degree?
4	Q. And the ones that are in your binder and that	4	A. I don't believe she does, not a bachelor's.
5	you have relied on in your reports, are they all under	5	Q. She did graduate from high school, though;
6	the current part of the IMDRF website?	6	right?
7	A. Yes. I went through and verified that each one	7	A. Yes.
8	is listed still on what's considered current by IMDRF.	8	Q. How old is she?
9	Q. Now let me ask you about Exhibit 2 of your	9	A. I don't know specifically. We're not allowed
10	supplemental report. That is the MAUDE MDR reports. Let	10	to ask those questions as an employer.
11	me tell you what I think this is and you tell me if I'm	11	Q. She's not a teenager, is she?
12	right.	12	A. No. She has a son that's a teenager.
13	As far as I understand it, what you have got	13	Q. Did you look at any of the actual reports
14	listed here in the three different charts are reports	14	themselves from the MAUDE database?
15	that were reported to FDA that you located on the MAUDE	15	A. Yes.
16	database that, in some extent, reference pelvic mesh?	16	Q. Did you look at all of them?
17	A. Yes. For these particular products and	17	A. I have not looked at every one, no.
18	manufacturers, yes.	18	Q. Can you tell me, on the Ethicon sling column,
19	Q. Did you do the search?	19	the combined products, there's a total there of 23,083
20	A. It was done under my direction by Christine	20	MDRs, can you tell me how many reports out of those
21	Swanson, who is one of my staff.	21	23,000 plus you actually looked at?
22	Q. What search terms did she use to come up with the numbers to populate the different columns?	22 23	A. I can't give you a specific number, no.
24	A. I would have to I would have to present that	23 24	Q. Did you look at a hundred?
25	to you as a list. For example	25	A. I certainly looked at more than a hundred, yes.Q. Of the Ethicon ones?
			Q. Of the Ethicon ones:

Does she have a master's or something? A. No. Q. Tell me if you know her educational background. A. I don't believe she actually has to the best of my recollection as I sit here today, I don't believe she has a bachelor's degree. She has, for example, 	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	A. Yes. Q. Why did you look at them? A. Well, I looked at them for a variety of reasons. I have reviewed issue reports in the past as well, and I reviewed MDR reports to look at the information in the MDR reports. First of all, when I give my staff direction, I verify what they're doing and that it's being done correctly. For example, if you look at my Prolift report, which I don't have a copy here Q. It's burned in my brain. A. If you look at my Prolift report, if I'm recalling correctly as I sit here today, you will see there are tabular presentations of particular adverse events that are reported in the MDR database. When I give my staff direction, in order to present, pull out this type of a table, it's a tabulation of numbers of MDR reports that come up for specific search terms. But within the body of the MDR reports, there's a discussion description of the adverse event or events that occurred and were reported in the MDR report. For a tabulation such as those that were presented in my Prolift report, you have to go through and read the MDR report and extract the information that shows there's an erosion or
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Q. Did you tell her what to search for? A. Yes. Q. Tell me what you told her, essentially. A. I told her to search from 1999 through the end of 2015 for these particular manufacturers and these product names. And then for Ethicon, for example, where we have combined the sling products, TVT, TVT-O, TVT Obturator, TVT Exact, TVT Abbrevo, TVT Secure. She applied the manufacturer names, the names of the products, and to extract MDR reports that had been submitted to the FDA for those particular products for those particular manufacturers that are listed here. Q. Now, what was the name of the lady that A. Christine Swanson. Q. What are her qualifications or background? A. She has a great deal of background as an analyst, a data analyst. Q. Does she have a master's or something? A. No. Q. Tell me if you know her educational background. A. I don't believe she actually has to the best of my recollection as I sit here today, I don't believe	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	A. Yes. Q. Why did you look at them? A. Well, I looked at them for a variety of reasons. I have reviewed issue reports in the past as well, and I reviewed MDR reports to look at the information in the MDR reports. 2	Q. Did you do that for this chart?	1	for instance, if someone had both a TVT and a Prolift
	A. This is a tabulation for all MDR reports. It's	2	implanted and there was one MDR, do you know where she
3	not a tabulation of what the specific adverse events were	3	would stick the MDR?
4	that were reported in those. That information, as you	4	A. Without checking back with her, I would
5	know in the Prolift report, there is that type of	5	anticipate that it probably would have appeared in both
6	information and we did do that for that.	6	columns.
7	Q. Unfortunately, I can't ask you about that	7	Q. If I'm looking at the top chart and let's
8	because you have been deposed in the Prolift report.	8	just stick with the Ethicon sling column for now you
9	For this report, Exhibit 2 to your supplement,	9	can see it jumps from in 2011, there were 270 reports.
10	would I be correct that you don't have it broken out as	10	Do you see where I am?
11	to what the event is that occurred for, for instance, the	11	A. Yes.
12	Ethicon sling products combined?	12	Q. The next year, 2012, there were over 3,000
13	A. That's correct. This is a tabulation of the	13	reports?
14	total number of MDR reports for these products, these	14	A. Correct.
15	manufacturers.	15	Q. And then the next year, 2013, there were over
16	Q. Do you have that information stored somewhere	16	16,000 reports; right?
17	else, like at Symbion?	17	A. Yes.
18	A. For some of them we do where we have gone	18	Q. First of all, let me ask you, for the year
19	through and pulled that information out. It takes,	19	where the number was put, is that just the year of the
20	obviously, a lot of time to read through each of those	20	report, when the event was reported?
21	and to pull the information out and tabulate it, and we	21	A. Yes.
22	have done that for a number of these.	22	Q. So if the event occurred, say, in 2003, but it
23	Q. But not for what I'm now looking at as	23	was reported in 2007, the number goes in 2007?
24	Exhibit 2?	24	A. For this chart, yes.
25	A. For some of those that information is	25	Q. For this chart?
	Page 43		Page 45
1	available. Not for all of the MDR reports that are in	1	A. Yes.
2	this tabulation.		11. 105.

When you say it's available, it's in the MDR report? A. Right. Q. Do you all have some kind of work product put together where you have delineated how many of the 16,000 are from litigation? A. For some of the products we do. For all of the
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Q. And the sum that you're talking about that's available are set out in your previous Prolift reports? A. And other reports. Q. And TVT reports? A. And also the Boston Scientific, for example. Q. Did you make efforts to call out any duplicate reports? A. We do try to do that, yes. Q. Tell me how you try to do that for this exhibit, Exhibit 2. A. Well, we have done that previously. If it appears Q. I want to hear about for this one. A. If there's definitely a duplicate. For this, I would have to double check exactly how we did it for this particular report. Q. Do you know, as you sit here today, that efforts were, in fact, taken to call out duplicates from the numbers that are represented in Exhibit 2? A. To the best of my recollection as I sit here	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Q. Outside a mass litigation like we have here with mesh, have you seen numbers jump to the percentage that you're seeing here, for instance, from 2012 with 3,000 reports to 2013 with 16,000 reports? Have you seen that outside of litigation? A. Well, I have not looked at it for every product outside of litigation. For those products that I have looked at, I have seen that happen more typically with litigation or if there's some kind of a safety alert or some type of a notification from the FDA that makes people more aware. Q. Did you make any notations or record of how many of the reports were from litigation? A. That information is available. I don't have it in this document. Q. When you say it's available, it's in the MDR report? A. Right. Q. Do you all have some kind of work product put together where you have delineated how many of the 16,000 are from litigation?

12 (Pages 42 to 45)

Page 46 Page 48 1 Q. Do you have it for Ethicon products? products and that information is certainly available. 2 A. For some of them, yes. 2 Q. Now, I had asked you before as to, for 3 3 Q. Which ones? instance, if the patient had been implanted both with an 4 A. I don't remember specifically without checking 4 Ethicon sling and an Ethicon Prolift, how the numbers 5 5 back as I sit here today. would splice out, and I think you testified, number one, 6 Q. When you say you have it for some products, are 6 you'd have to check, but number two, you think it might 7 7 you saying for all of the TVT reports from '99 to 2015, appear in both columns? 8 8 you may already have that information of how many of A. Yes, I would anticipate it would appear in both 9 9 those reports were from litigation -columns because, if there was an MDR report for TVT and 10 10 A. Yes. you don't include it in TVT, then that's an inappropriate 11 11 Q. -- like for TVT? representation of the numbers of reports addressing TVT A. Yes. We have done that analysis for a number 12 12 saying for Prolift. It would be most appropriate to 13 of the different products. 13 include that in both places. If we were doing a more Q. Up through 2015? 14 14 in-depth analysis and we would define -- and we have done A. Not completely through 2015 because, if I 15 15 these types of analysis before -- we would define how 16 16 many of those there were. recall correctly as I sit here today, my prior reports 17 17 had not gone through 2015, and for this exhibit, updated Q. Did you do that same approach, say, if a 18 it through the end of 2015 since we're now into 2016. 18 patient was implanted with both an Ethicon product and a 19 19 Q. The reason I'm asking is, I think you and I had Boston Scientific product, would the number appear in 20 20 talked before about your previous MAUDE searches, and I both columns? 21 did not recall that you had pulled out the ones that were 21 A. Yes. 22 2.2 from litigation. That's what I'm trying to help jog your Q. Did Christine make any attempt at determining 23 23 memory if you know which Ethicon devices you have that whether or not there were some other concomitant causes 24 information for. If you don't, you don't. 24 of the list of adverse events? 25 A. And maybe calling out, maybe I'm 25 A. Not for this tabulation, no. Page 47 Page 49 1 misunderstanding the question, so let me clarify. We 1 Q. You didn't either? A. Not for this tabulation. This is specifically 2 didn't call out and not include those because that would 2 3 be inappropriate not to include them. as it's described a tally of the total numbers of MDR 4 Q. It would lower the numbers quite a bit, 4 reports that were submitted to FDA for the products of 5 5 the manufacturers listed here. wouldn't it? 6 A. Yes. It doesn't mean -- just because it's 6 O. Now, for the products listed here for the 7 7 reported in litigation, it doesn't mean they're not real. years, do you have any sort of denominator number? For 8 To not include them would not be an appropriate 8 instance, do you know how many TVT family of slings were 9 representation of the data. And what was done here is 9 sold in 2010? 10 present an appropriate representation, an accurate 10 MR. KUNTZ: I guess I have to object. That's 11 representation of the numbers in the MDR reports as 11 an improper hypothetical. We have asked at least 30 12 possible. Calling out is not the term that I would use. 12 times for that number from you guys and never been given 13 13 that number. It's an impossibility for her to make the We have done, for some of the products, that analysis 14 where we know how many were reported by attorneys based 14 calculation. 15 on the information that's in the MDR report. 15 BY MS. SUTHERLAND: 16 Q. Is that in previous reports that you have done 16 Q. You don't have the number? 17 17 on those devices or is that a separate? 18 18 A. If I'm recalling correctly, as I sit here MR. KUNTZ: It's impossible. You won't give us 19 19 today, some of the reports may include the number that that number. 20 were attorney reported, or at least a reference to the 20 THE WITNESS: No. 21 21 MR. KUNTZ: We have been asking for five years, fact that some may be attorney reported. I don't recall 2.2 specifically without looking back at my reports whether 22 is my point. 23 or not we gave an actual number, but I know we have done 23 BY MS. SUTHERLAND: 24 that analysis anticipating, for example, that it would be 24 Q. With respect to the numbers that are listed in 25 of interest to you. We have done that analysis for some 25 the columns for Ethicon, do you know all of the types of

Page 50 Page 52 1 events that were listed, such as erosion, pain? 1 MR. KUNTZ: It will help. 2 A. Pain, urinary tract problems. 2 MS. SUTHERLAND: Yes. If someone else covers 3 3 Q. Do you have a listing of what they all were for it, I will definitely make sure it's squared away on what 4 4 in the numbers here? we agreed to. 5 5 MR. KUNTZ: For the record, I'll have them file A. I have -- if you go back to the TVT report and 6 my Prolift report, there's an itemization for those 6 that in Ramirez too, if need be. 7 7 specific products for the types of events as well as --MS. SUTHERLAND: If need be. 8 8 BY MS. SUTHERLAND: Can you ask the question again? 9 9 Q. Now, let's go back to your February Prosima 10 For this exhibit that you put together for the 10 report. 11 11 supplemental report, do you have a listing of the events Do you need a break or anything? We have been 12 that are included? 12 going over an hour. 13 A. For some of the products, yes, but this is --13 A. I wouldn't mind. 14 14 MS. SUTHERLAND: Let's go off the record. again, I reiterate, this is a tally of all of the MDR 15 15 reports that were submitted for those products. For some (Recess.) 16 16 BY MS. SUTHERLAND: of these products and for certain of the years, we have 17 done a tabulation of the numbers of erosions that were 17 Q. Quickly, Pence Exhibit 2 to your Prosima 18 reported, the numbers of pain that were reported, the 18 February report is your CV. 19 numbers of dyspareunia that were reported, the number of 19 Is that pretty much up to date? 20 urinary tract issues that were reported, the number of 20 A. Yes and no. I was looking at this the other 21 infections that were reported. And our numbers are 21 day that I need to update the address, so the address. 22 22 Q. You still have Newbury Park? consistent with FDA's representation of what they 23 23 reported they found in the MAUDE database, for example, A. Exactly. We do have the satellite office, 24 in their 2008 public health notification and their update 24 basically, with my staff working remotely, but that old 25 in 2011, their safety communication. And, in fact, I 25 address is no longer accurate. I do need to update that. Page 51 Page 53 1 state that in my reports where we have presented that There are a couple things to add to it. What's here is 2 type of information at that level of detail, that what we 2 correct. 3 found for the specific products were representative of 3 Q. What are you adding to it? Presentations? 4 what FDA found across the numbers of manufacturers that 4 A. Not presentations so much as conferences that I 5 FDA evaluated and published, for example, in its 2011 5 have attended, continuing education in my profession. 6 review of the MAUDE database and the literature relevant 6 There are old publications that I located to be added 7 7 to transvaginal meshes, particularly, pelvic organ that I had forgotten about that I have not added. 8 8 prolapse for the discussion here today. Q. Do any of those old publications have to do 9 Q. How long has Christine Swanson worked for you? 9 with pelvic mesh? 10 A. Over a year, at this point, if I recall 10 A. No. 11 11 Q. Do they have to do with an implanted device? correctly. 12 MS. SUTHERLAND: I'll hand you and attach the 12 A. Not to my recollection. 13 13 supplemental report for TVT. Q. Any of the conferences that you have attended 14 (Defendant's Exhibit 4 was marked for 14 that aren't in your CV, did any of those conferences have 15 identification by the court reporter.) 15 anything to do with pelvic mesh? 16 BY MS. SUTHERLAND: 16 A. No. 17 17 Q. Is that your supplemental report on TVT and Q. Now, Exhibit 3 to your Prosima report is your 18 TVT-O dated March 2016? 18 reliance list, and I wanted to make sure on this, and 19 A. Yes, March 2, 2016. 19 Jeff, you might want to listen to this one part. 20 MS. SUTHERLAND: You can set that aside. I 20 MR. KUNTZ: I'm listening. 21 think we're on the same page, that with the Ramirez depo 21 THE WITNESS: Go ahead. 22 coming up in a couple of weeks, that I'll address that 22 BY MS. SUTHERLAND: 23 23 O. I didn't get any reliance lists with the 24 MR. KUNTZ: Yes. Are you doing the depo? 24 supplemental reports, and I wanted to make sure that I 25 MS. SUTHERLAND: Unless I can get out of it. 25 was not supposed to get any updated reliance list with

14 (Pages 50 to 53)

Page 56 Page 54 1 the supplemental reports in March. 1 There was -- the Exhibit 2, I apologize, didn't get 2 Do you know, Dr. Pence, and then I can talk to 2 3 3 Jeff off the record? Q. No worries. That actually helped me out 4 A. I have the information footnoted in my 4 because I had thought that I already asked you about this 5 5 supplemental report. I didn't provide a reliance list document. Apparently I have not if this was Boston 6 6 additional to that. Scientific. 7 7 Q. I just wanted to make sure I didn't miss it if A. Some of them you had at one point asked me 8 you had it. 8 about part of these. 9 A. It's either referenced or footnoted in my 9 Q. Just tell me real quickly, these are not all of 10 report that I relied on for inclusion in the supplemental 10 the RCTs on prolapse repair, are they? 11 report. 11 A. No. 12 MR. KUNTZ: Let's off the record real quick. 12 Q. How did you --13 MS. SUTHERLAND: Okay. 13 A. Not to my recollection. These were some of the 14 14 key ones I identified, and I believe it's stated in my (Recess.) 15 MS. SUTHERLAND: Now we're back on. 15 report, between 2008 and 2012. 16 BY MS. SUTHERLAND: 16 Q. When you say they're one of the key ones, were 17 Q. Dr. Pence, you were telling me about your CV. 17 they of a certain strength or length? If you can, tell 18 A. Yes. Looking at Exhibit 2, which is my CV, it 18 me why you denoted them as key. 19 19 looks as though this one is not the most updated version, A. When I originally did this, it was back in 20 20 unless I am overlooking it. Like, for example, the 2014. At this point in time, as I sit here today, I 21 selected presentations, October 1, 2013, and selected 21 can't recall exactly why I chose these particular ones, 2.2 continuing education, 2013 is the last listed there. And 22 except that, of course, they were randomized controlled 23 I note that in particular because you asked me about 23 trials and that, obviously, that's the highest level of 24 presentations, and for example, I did chair a session at 24 evidence. Depending on the quality, it's generally 25 the annual FDA Orange County Regulatory Affairs, OCRA 25 considered the highest level of evidence, but you have to Page 55 Page 57 1 discussion group meeting last year, that would have been 1 evaluate each study individually. And because these were 2 2015, and I also, if I recall correctly, 2014. I think 2 randomized controlled clinical trials with and without 3 this is an older copy. 3 mesh, the "with and without mesh" was, of course, 4 4 Q. You think you have one that's updated? important to my consideration of including those in here. 5 5 A. Yes. This is an older copy that was produced, Q. Just so I'm clear, I don't know if I asked it 6 it appears. 6 this way: Are there other randomized controlled trials 7 7 Q. I'm sure I'll follow up with a request to Jeff that are published and available with and without mesh 8 8 to get the updated CV, and if you want to update the that are not included in your Exhibit 5 or did you get 9 address and anything else that you saw, do that for me, 9 them all? 10 please. 10 A. No. Yes, there are. A. I will do that. 11 11 Q. There are other additional RCTs out there on 12 Q. Exhibit 5 is a listing of RCTs on prolapse 12 mesh and non-mesh doing a head-to-head comparison? 13 13 repair; correct? 14 A. Yes. 14 Q. As you sit here today -- I know you did this a 15 Q. It says at the top, "Randomized controlled 15 while back -- you can't tell me why you picked out these 16 clinical trials." 16 particular studies that are in here? 17 17 Did you pull this from a different report? A. I don't recall every reason that I picked those 18 18 A. Yes, and that didn't get corrected. out except for what I just mentioned, because it was back 19 19 Q. Do you know what report you might have pulled in 2014, but clearly, they were randomized controlled 20 Exhibit 5 from? 20 trials, which is a high level of evidence. They were a 21 21 A. Yes. comparison to without mesh. They were articles that I 2.2 Q. I'm assuming it was Prolift? 22 found referenced in a number of other articles, and so I 23 A. No. Actually, the Prolift report, if I recall 23 thought they were representative. That would have been 24 24 correctly, only had five summarized, and in one of my BSC the standard, that they are representative of the 25 reports, I updated that to include all of those here. 25 literature at that time from 2008 to 2012.

So if you'll flip over to about page 18, and what I'm looking under is, "Prosima Development

16 (Pages 58 to 61)

Page 62 Page 64 1 A. Yes. 1 you talking about just making a disclosure to the 2 Q. Now, obviously, you and I have talked about 2 publication that was going to publish Dr. Carey's 3 Prosima before? 3 results? 4 A. Yes. 4 A. Well, also, it was not the financial interest. 5 5 Q. So I'm limiting my questioning to what I have There was a poster presentation that was included. And 6 not asked you about before, at least to the best of my 6 now we're talking about FDA, but there was --7 7 recollection and my review of the Cavness stip, which I Q. I'll go ahead and tell you, I really don't want 8 8 will confess is quick. to talk about FDA today, which I know surprises you and 9 9 One thing I want to ask you about under 18, me both, but I want to focus on standards other than FDA 10 "Carey, Slack, Clinical Evaluation of Prosima Prototype," 10 for today. 11 11 if you're with me. Underneath there, you note, "The A. That's fine. Yes, there was no disclosure in 12 12 disclosure of certain financial interests is the standard the publication and, therefore, it's a matter of people 13 13 or required practice for clinical investigators when reviewing, any reader reviewing an article, being able to 14 submitting clinical study reports for publication." 14 judge the information in the article in consideration of 15 15 any potential bias by virtue of one of the investigator's A. Yes. 16 Q. Now, if I'm reading that correctly, you were 16 or more than one investigators' financial interest in a 17 17 not saying that this is some standard that Ethicon product that is being reviewed. That's the whole reason 18 breached with respect to disclosure of financial 18 for disclosure, so that that information can be taken 19 interests, or are you? Maybe I should ask it that way. 19 into account by the reviewer. 20 20 A. I think the answer to that is both, both the Q. With publications, that information is 21 authors as well as Ethicon, because --21 generally provided by the investigator; correct? 22 22 Q. That answers the question. Let me ask the next A. That is correct. However, Ethicon was very 23 23 question. heavily involved in the development of this information. 24 Can you tell me where the standard is written 24 In fact, you will note that on page 20 in the report -- I 25 that you're saying Ethicon breached with some failure to 25 realize there are no page numbers there -- but page 20, Page 63 Page 65 1 disclose financial interest? 1 that Dr. Robinson noted that BJOG had agreed to publish 2 A. Yes. Publications, generally, expect any 2 Carey's study, but that it would require a major rewrite. 3 disclosure of financial or proprietary interest to be 3 And Dr. Robinson, reflecting on the internal team's 4 disclosed. The FDA 21 CFR Part 54 on financial 4 concerns about the large number of patients lost to 5 5 disclosures, an FDA regulation -- and give me just a follow up, and that Dr. Carey had submitted the draft 6 moment. 6 manuscript without Ethicon's review, remarked, "This 7 7 Q. Are you looking for the standard? seems the best of both worlds. We get the chance to 8 8 revise the data, Marcus's wishes to work with the A. Yes. 9 Q. Are you thinking it's something besides the FDA 9 clinical team here in developing the manuscript, and we 10 standard that we talked about? 10 have the agreement from the journal that they will 11 A. Yes. To the best of my recollection, 11 publish once they are happy with the manuscript." 12 disclosure of proprietary and financial interest is also 12 Ethicon definitely had involvement. 13 13 Q. I want to be sure that I know the extent of included in international standards, whether it's GHTF or 14 ISO, to the best of my recollection as I sit here today. 14 your opinion. Is the financial disclosure that you're 15 15 Q. You didn't cite any ISO standards in any of talking about something that should have been made to BJOG? 16 your Prosima reports that I saw, did you? 16 17 17 A. No. If you look at the GHTF documents, a A. Yes. 18 18 Q. If I'm reading your report correctly -number of them do have, in the reference documents, ISO 19 19 A. If we're excluding FDA for this discussion. It standards. 20 Q. Do you know which GHTF document you're talking 20 should have been made to FDA with the poster presentation 21 21 presented to FDA. If we're excluding FDA, then yes. about that might have the standard to disclose financial 2.2 interest? 22 Q. Now, the disclosure that we're talking about 23 A. Not to the best of my recollection sitting here 23 that should have been made to BJOG was the amount paid to 24 today. I would have to double check that. 24 Dr. Carey? 25 Q. The disclosure that you're talking about, are 2.5 A. It should have been that he had a financial

Page 68 Page 66 1 interest, a consulting relationship, and that the product two-thirds of the way down in that paragraph, you say, 2 had been licensed, that he had a proprietary interest in 2 "There Ethicon failed to follow the requirement it 3 3 created for releasing the Prosima onto the market. If the development of the product. 4 Q. It's your understanding that was not done? 4 Ethicon had followed its own internal requirement related 5 5 A. Correct. I did not find that the published to safety and performance of the Prosima, it never would 6 paper included any disclosure of his financial interest 6 have been released." 7 or Ethicon's involvement. 7 A. Right. 8 8 Q. The question to you is: What internal Q. Do you know if that information was provided to 9 9 BJOG otherwise? You know, the publication sends their requirement of Ethicon are we talking about there, just 10 conflict of interest document that goes with the 10 so I know? 11 11 publication itself. Do you know if disclosure was made A. It was the project charter, and it is 12 12 to BJOG but was not included in the published report? referenced in my report. Let me just locate it. It's on 13 A. As I sit here today, I don't recall having seen 13 page 18 of the report, at the very end of the paragraph 14 14 at the top of the page, "Importantly at the outset of the that. Q. Let me turn over to your first opinion that's 15 Project Mint charter." 15 16 16 Q. I'm not with you yet. I think I'm on 18. listed in the report, which is on page 32. I'm going to 17 try to cut through this. 17 A. Middle of the page, it has Section B, "Prosima 18 As I understand it, this opinion focuses on 18 development challenges and failures." At the top of that 19 what -- your opinion was not provided to FDA, and had FDA page, the last sentence of that paragraph, "Importantly 19 20 20 known certain things, it would not have cleared Prosima. at the outset of the Project Mint charter," which was 21 Is that a fair nutshell? 21 Prosima, for Prosima, what became Prosima, I should say, 22 22 A. As I understand your question, yes. "Ethicon recognized that if the results of the clinical 23 23 Q. Let's go to Opinion 2, which is, as I evaluation performed by the inventor, Dr. Marcus Carey, 24 understand it -- let me ask you this: For Opinion 2, if 24 and his development partner, Dr. Mark Slack of Cambridge 25 I'm understanding, is it your opinion that there were 25 United Kingdom, were not favorable, the project should be Page 67 Page 69 1 inadequate studies, clinical studies, to support the 1 abandoned or the scope changed." 2 marketing of Prosima? Is that part of your Opinion 2? 2 Q. And you reference there Footnote 40? 3 A. That is part of my Opinion 2, yes. 3 A. Yes. 4 Q. Is the second half of your Opinion 2 that after 4 Q. Is Footnote 40 the document that supports that 5 Prosima was marketed, there remained a lack of clinical 5 sentence? 6 studies showing its safety and efficacy? And I'll tell 6 A. Yes, Project Mint charter presentation from 7 7 you what I'm trying to do here is have a dividing line June of 2005. 8 8 between premarket and postmarket if we can do that with Q. We go on -- and I'm back at page 33 -- "For all 9 9 medical devices, the internationally accepted standard of your opinion. 10 A. Give me one moment. Can you repeat your 10 care is that a clinical evaluation of the device, 11 11 including clinical data, show a favorable benefit-risk question, please? 12 12 ratio." Q. Yes, ma'am. 13 13 If I'm understanding your Opinion 2 correctly, A. Correct. 14 does it cover both premarket studies, which, in your 14 Q. Now, where is that internationally accepted 15 opinion, did not show safety and efficacy of Prosima, and 15 standard of care written? 16 16 postmarket studies, which did not show safety and A. It's repeated in a variety of documents, but if 17 17 efficacy of Prosima? you look at Exhibit 1 in the supplemental report and you 18 18 A. Yes. go to the essential principles of safety and performance, 19 19 Q. So let me try to address those in two separate for example, to page 3 in that Exhibit 1 of the 20 buckets, if I could, just to keep things clear. You and 20 supplemental report, one of the principles in essential 21 21 I have already talked about the studies that were principles of safety and performance -- let me start on 22 conducted back in Cavness. Really, what I'm focusing on 22 the prior page, on page 2, with the very first essential 23 here are the standards that you're relying on for your 23 principle of safety and performance that's listed. 24 24 opinions. "Medical devices should be designed and manufactured in 25 The first question I want to ask you is, about such a way that, when used under the conditions and for

18 (Pages 66 to 69)

Page 70 Page 72 1 the purposes intended and where applicable, by virtue of 1 which I have marked as Number 10: correct? 2 the technical knowledge, experience, education or 2 3 3 Q. And then you said there are other GHTF guidance training, and the medical and physical conditions of 4 documents that also have that same standard? intended users, they will perform as intended by the 5 5 manufacturer and not compromise the clinical condition or A. Well, they reference back to the essential 6 the safety of patients, provided that any risk which may 6 principles of safety and performance, which include a 7 7 be associated with their use constitute acceptable risk favorable benefit risk. For example, if you go to the 8 8 when weighed against the benefits to the patient and are clinical evaluation, May 2007. 9 compatible with a high level of protection of health and 9 Q. You got to slow down. I want to get them all. 10 10 safety." Tell what that was, May 2007 clinical evaluation? 11 11 Q. Where does that come from? A. May 2007, yes. 12 12 A. This comes from the final document, Global MS. SUTHERLAND: I'll mark that as Number 11. 13 Harmonization Task Force, Essential Principles of Safety 13 I am not going to have all of these. I tried to get all 14 of them that I could. 14 and Performance of Medical Devices. 15 15 (Defendant's Exhibit 11 was marked for Q. That's what I'm going to hand you, Exhibit 10. 16 16 (Defendant's Exhibit 10 was marked for identification by the court reporter.) 17 identification by the court reporter.) 17 BY MS. SUTHERLAND: 18 BY MS. SUTHERLAND: 18 Q. I'm handing you what I marked as Number 11. 19 19 Q. Is that a document that sets out the standard Is that the second standard that you were just 20 that you reference back in your report on page 33? What 20 discussing? 21 I want to do is I want to get what all of the standards 21 A. Yes. 22 2.2 are. If I have questions about those, I'll come back. Q. Now, is there another one? 23 23 A. Repeat the last question. A. For example, in the document -- this is the 24 Q. Yes, ma'am. 24 point I'm trying to make -- the GHTF documents represent 25 I'm back on page 33. What I'd asked you there 25 a global model that has been accepted internationally for Page 71 Page 73 1 was, you reference an internationally accepted standard 1 the development of medical devices. For example, if you 2 of care in that bottom part of that paragraph. 2 start with the essential principles of safety and 3 A. Yes. 3 performance, if you look at the clinical evaluation 4 4 Q. My question to you is: Is that internationally document, Exhibit 11, if you look on page 6, you'll see, 5 accepted standard of care that you're referencing 5 under the references, that this document references the 6 contained in what I have now marked as Deposition Exhibit 6 essential principles of safety and performance of medical 7 Number 10? 7 devices. Now, Exhibit 10 happens to be the 2012 update 8 8 A. It is contained in here, and also, the to a 2005 document on essential principles of safety and 9 risk-benefit information is also. The need for favorable 9 performance. So you'll see, because the clinical 10 benefit-risk assessment for marketing of a medical device 10 evaluation document was May of 2007, that the essential 11 is also referenced in other standards, other GHTF 11 principles of safety and performance document that it 12 standards. 12 references was the 2005 document. 13 13 Q. What are those? There were updates to these documents over the 14 A. For example, the --14 period of the 20 years of the existence of the GHTF, but 15 Q. Put a pin in that and we'll come back to that. 15 there's an interrelationship between these documents that 16 For the sentence that you have got written here 16 support one another in creating this model for a global 17 17 on page 33 which talks about, "For all medical devices, clinical development. These various standards support 18 18 the internationally accepted standard of care is that a the efforts that need to be undertaken to demonstrate 19 19 clinical evaluation of the device, including clinical conformity to the essential principles of safety and 20 data in the form of clinical studies, literature, 20 21 21 clinical experience, must demonstrate that a favorable So you'll see in this clinical evaluation, 22 22 Exhibit 11, that one of the documents it references is benefit-risk ratio exists for the device." 23 For that sentence, you're saying you look to 23 also the principles of conformity assessment for medical

19 (Pages 70 to 73)

devices, which is another standard, and that that

standard also references back to the essential principles

24

24

25

that standard which is contained in GHTF, Essential

Principles of Safety and Performance of Medical Devices,

Page 74 Page 76 1 of safety and performance. 1 devices, because we're talking about devices that have 2 Q. Did you go back and review the 2005 essential 2 been marketed based on similarity to previously marketed 3 3 principles? devices, the standard allows you to evaluate the 4 A. Yes, I certainly have. 4 literature for similar devices or commercial experience. 5 5 Q. Did you do that for your opinion in this case? Hence, that goes to why I looked at the MDR database 6 A. To the best of my recollection, I did, yes. 6 because that's publicly available information that a 7 7 Q. Do you know what the differences are between manufacturer can look at for competitor products that are 8 8 the 2005 version and the 2012 version? similar to look at the clinical experience. 9 9 A. If I recall correctly, if I'm not confusing the If looking at that totality of information that 10 10 standards, one of the key differences was the inclusion is available, one can rely on that based on comparing of information relative to in vitro diagnostic devices. 11 11 one's own device to the other devices that are 12 12 Q. I'm asking you that based on your phrasing here represented in that, when we're talking about a brand-new 13 on page 33 where you say, "For all medical devices, the 13 device. If the manufacturer can substantiate, based on 14 that available information, that there's a favorable 14 internationally accepted standard of care is that a 15 clinical evaluation of the device includes clinical data 15 benefit-risk ratio, then premarket clinical studies may 16 in the form of clinical studies." 16 not be required. Based on distinctions between your 17 17 My question to you is: Is it your opinion that device and similar devices --18 all medical devices require clinical data in order to 18 Q. I think you answered the question. 19 19 A. -- then clinical studies may be required. As I have an analysis of the benefit-risk ratio? have testified to before -- I just need to answer this to 20 A. I think I need clarification. Can you point me 20 21 again to the statement you're referencing? 21 be complete --22 22 Q. It sounded pretty complete. Q. Down on page 33, the sentence we have been 23 23 talking about, where it says, "For all medical devices." A. -- then the company has to make a determination 24 It starts over on the left-hand side. 24 that they may need to do clinical studies in order to 25 A. I have it. 25 show that there's a favorable benefit-to-risk ratio. Page 75 Page 77 1 Q. That's the sentence I'm focusing on. 1 Q. I think I can get this as a yes or no. 2 A. Yes. 2 Am I correct, Dr. Pence, that the GHTF 3 Q. My question is, if I'm reading that sentence, 3 standards that you and I have talked about don't set out 4 4 it reads to me that your opinion is that all medical a bright-line rule saying for all medical devices, you 5 5 devices require clinical data, meaning in human use, to have to have clinical data, meaning trials in humans, 6 have an analysis of the benefit-risk ratio. 6 before you may analyze the benefit-to-risk ratio? 7 7 Is that your opinion? MR. KUNTZ: Objection to form. 8 8 A. That's what's stated in the standard, but THE WITNESS: As you stated that, I can't give 9 clinical data can be in the form of scientific medical 9 you yes or no because the clinical data includes --10 literature and commercial experience as well as clinical 10 doesn't include just clinical investigations on a 11 studies. 11 specific device. 12 Q. So for a new device that's coming out where you 12 BY MS. SUTHERLAND: 13 13 don't have published medical literature yet and you don't Q. For my purposes for this question, when I'm 14 have previous clinical experience because it's a new 14 talking about clinical data, I'm talking about the 15 15 device, am I understanding your opinion to be that the company that has the device that they want to market 16 standard that you're referencing from GHTF is that you 16 running a clinical trial in humans. 17 17 have to have a clinical trial in order to analyze that A. If you're talking about running a clinical 18 18 benefit-risk ratio? trial in humans specifically, if -- again, it's very A. No, that's not what the standard says. In 19 19 qualified. One has to do this on an individual device 20 analyzing the benefit-to-risk ratio, because we're 20 basis to decide whether or not your device -- if other 21 21 talking for Class II devices -devices for which there is data or which there are data, 22 Q. Correct, at least at the time. 22 either in terms of commercial experience and literature, 23 A. We were talking about Class II devices, and 23 if those data are adequate to substantiate a favorable 24 24 then, of course, Class III devices now that they have benefit-risk ratio for your device, considering the

20 (Pages 74 to 77)

differences of your device to those devices on which

25

been reclassified to high risk, but for medium risk

Page 80 Page 78 what I'm looking for. Does that standard set out the 1 information is available, if you can substantiate a 2 favorable benefit-risk ratio based on such evidence, then 2 size of the clinical trial a manufacturer would have to 3 3 do? you would not have to do clinical trials. But if you 4 4 A. That's based on statistics. It gives you the can't, then you need to do clinical studies to 5 5 demonstrate a favorable benefit-risk ratio. principles, and it gives additional references as well, 6 Q. So no bright-line rule from the GHTF documents 6 but it gives you the principles for doing a clinical 7 7 saying you always have to run a clinical trial before you investigation, and it also references other international 8 8 standards. I mentioned ISO standards and GHTF standards can sell a device? 9 9 A. It's a case-by-case basis depending on the also referenced ISO standards, and in this document, for 10 10 differences in the device and whether the information example, on page 5, it references ISO 14155-1 and ISO 11 that is already available for other devices or maybe a 11 14155-2, both 2003 documents. 12 12 prior device, and your device is a modification of the Q. Do those set out the size? Is there something 13 prior device, whether the information is --13 seriously a manufacturer can look at that says I need 50 14 14 people? 150 people? Q. It really is yes or no. There's no bright-line rule from the GHTF 15 15 A. That's based on statistics. When you're 16 documents you and I have talked about saying you always 16 designing a clinical trial, the standards say you set out 17 have to run a clinical trial in humans before you can 17 your end points, your objectives. And when you're 18 evaluate the benefit-risk ratio, yes or no? 18 designing a clinical trial, you make a decision as to 19 19 what kind of a different -- if you're doing a comparison. MR. KUNTZ: Objection. Asked and answered. 20 20 THE WITNESS: For the reasons I have mentioned Q. Is it a case-by-case decision, essentially? 21 you have to evaluate, no, you have to evaluate on an 21 A. Yes, it is, based on what your end point is 22 22 individual basis, case by case. going to be, and then the statistician determines how 23 23 BY MS. SUTHERLAND: many patients need to be included in each arm. 24 Q. I think we got our yeses and nos mixed up 24 Q. Is it also a case-by-case decision as to how 25 there. Let me try one last time. 25 long you need your study to go? Page 79 Page 81 1 1 There is no bright-line rule in the GHTF A. Yes. It depends on the medical device. If 2 documents that you and I have talked about saying that a 2 you're doing an ocular treatment that's an eye drop, you 3 manufacturer always has to run clinical trials in humans 3 don't need to follow those patients for their lifetime, 4 4 before that manufacturer can adequately assess the for example. If you're doing a permanent implant and a 5 5 registry study, for example, you would want to follow benefit-risk-ratio; right? 6 A. As I understand your question, right, there is 6 them as long as possible so you have long-term data. 7 7 no bright-line rule because every product is different, It's very dependent on the product. 8 but the bright-line rule is that you must be able to Q. For a permanent implant that a manufacturer 9 demonstrate a favorable benefit-risk ratio on available 9 would like to get marketed before the passage of a 10 10 evidence. generation of people, is there some sort of standard that Q. You answered my question. I got it. 11 11 sets out how long a clinical trial would need to go to 12 Is there a standard that a manufacturer can go 12 adequately assess the benefit-risk ratio? 13 A. There are authoritative bodies that have 13 to to tell them, if they think they need to run a 14 clinical trial, how to set it up: How many people need 14 provided that information with regard to permanent 15 15 to be in it, how long does it need to be, what end 16 16 points? Is there some written standard that a Q. Is that a standard I can look at? You're 17 turning to the supplemental report? 17 manufacturer can go to that sets that out for them? 18 18 A. That sets out the foundation, yes. One is the A. I am. 19 19 O. Exhibit 1? GHTF clinical investigations. 20 Q. What standard is that, clinical investigations? 20 A. Yes. I do talk about implantable devices more 21 21 A. It's in Exhibit 8 under the tab, "Clinical in the context of labeling in Exhibit 1. 22 investigations." The title of the document is, "Clinical 22 Can you repeat the question? 23 23 Investigations," authored by Study Group 5 of the Global Q. Yes, ma'am. I was wondering is there a 24 2.4 standard that sets out a general length of time that a

21 (Pages 78 to 81)

manufacturer who is making a permanent implant would need

Harmonization Task Force, February 12th, 2010.

Q. For instance, let me give you an example of

25

Page 82 Page 84 to have follow-up before they can make an analysis of the 1 1 A. Yes. 2 benefit-risk ratio before marketing? Is there a standard Q. With respect to --3 that sets that out for a permanent implant? A. If asked, I will. 4 A. As I sit here today, I don't recall having seen 4 Q. If asked, you will. 5 5 a standard that specifically sets out prior to marketing. With respect to that opinion, do you intend to 6 Again, it depends on a favorable benefit-risk ratio. It 6 offer an opinion as to how many women should have been 7 7 depends on whether alternative treatments are available. enrolled in that study? 8 8 It's the kind of information that, prior to marketing, a A. Not a specific number of women, no, because I 9 company works out with the regulators. If you look --9 would need to involve a statistician to write out the 10 10 Q. I think you answered my question. protocol and the end points. 11 11 A. I just want to be complete. If you look at Q. That would be a no? 12 12 what's -- at minimum a year for short term. If you look A. I'd need to provide that to a statistician to 13 at what authoritative bodies are looking at for medium 13 give me the numbers that we needed to demonstrate the 14 14 term or long term, it's three to five for medium term and safety and efficacy end points that we've set out as 15 15 beyond five years for long term. objectives in the protocol. 16 Q. Is that FDA that you're talking about that 16 Q. The question was, do you intend to offer an 17 refers to medium term as three to five years and long 17 opinion as to the number of women that should have been 18 term as five years or more? 18 in a clinical trial for Prosima prelaunch, I think the 19 19 A. It's not just FDA. It's some of the other answer was no? 20 authoritative bodies that have looked at information. 20 A. The answer would be an adequate number to 21 For example, I believe it's -- I want to say it's NICE, 21 demonstrate safety and performance as outlined in the 22 22 but I have to double check my memory -protocol. 23 23 Q. I think you answered the question. Q. Do you have a number that you intend to offer 2.4 A. -- that talks about medium is five years and 24 to a jury that should have been in some clinical trial 25 long term is ten years. But it's information that a 25 before launch? Page 83 Page 85 1 manufacturer works out with the body that's going to give 1 A. Without designing the protocol and doing the 2 it authorization to market the product --2 appropriate statistics to come up with the right number 3 Q. And here in the U.S., that would be the FDA? 3 to demonstrate safety and effectiveness based on the end 4 4 A. That would be the FDA here in the U.S. points of the trial, I can't give you a specific number. 5 5 -- and then makes a commitment, if that Q. You haven't drafted a protocol to that end, 6 authoritative body that provides authorization for 6 have you, for Prosima? 7 7 marketing allows them to market on one-year data or A. No, I have not. 8 8 two-year data, and that's going to also be dependent on Q. Do you intend to, as you sit here today? what the results are for that period of time. 9 9 A. If I were asked to do that, I would. I have 10 Q. I think you answered the question. 10 not been asked to do that at this point in time. 11 A. But it will be with the commitment to continue 11 Q. Having not been asked to do that, you don't 12 following patients for a certain period of time based on 12 intend to do that right now out of the goodness of your 13 13 working that out with the authoritative body that heart, do you? 14 provides authorization for marketing. 14 A. That's currently not my plan, as I sit here 15 Q. When was Prosima put on the market? 15 16 A. Various documentation, if I recall correctly, 16 Q. I have maybe 15 more minutes, so let me get to shows around December of 2009, some show 2010, but in 17 17 another opinion. If we can turn to your opinion on 18 that time frame. 18 labeling. Go back to your full Prosima report. I'm on 19 19 page 41 and 42, do you see that, Opinion 3 and 4. Q. Now, are you intending to opine to a jury --20 let me address this just with Prosima first off. Are you 20 The first thing I want to do is what I did 21 intending to opine to a jury that a specific clinical 21 before. For your opinion in Number 3 with respect to 22 trial should have been conducted on Prosima before it was 22 looking at that first paragraph. And underneath there, 23 marketed? 23 about halfway down the first paragraph, you say, "The 24 24 A. Yes. globally recognized industry standard for prescription 25 Q. You have answered my question. 25 devices, such as Prosima, is for the product IFU to

Page 86 Page 88 contain information necessary," and you go on. 1 listed. That's obviously been updated. I wanted you to 2 A. Yes. 2 know that there were prior standards that didn't just 3 O. Now, that Footnote 146 references the GHTF 3 happen in 2011 and 2005. I did include that. 4 label and instructions for use document; correct? 4 Q. Are you telling me that, to some extent, 5 5 A. Correct. because you read Judge Goodwin's order on the relevancy 6 Q. You wrote that it supersedes previous version 6 of documents that came out after a device had been 7 7 in June 2005? marketed? 8 8 A. Yes. A. I'm telling you that because any time documents 9 9 Q. Now, is that document that's referenced in 146 are predated by other documents, one has to incorporate 10 10 where the globally recognized industry standard is set by reference those prior documents. 11 11 out that you reference here in Opinion 3? Q. Does it not have anything to do with Judge 12 12 A. Yes. Goodwin's order? 13 13 MS. SUTHERLAND: Let me unload another A. I did see that in the order, yes, but my document. I'm going to hand you what I have marked as 14 14 typical practice is to be comprehensive. And you'll 15 15 notice that in prior documents that I have referenced SOP 16 (Defendant's Exhibit 12 was marked for 16 documents that were superseded prior to ever reading 17 identification by the court reporter.) 17 that. 18 BY MS. SUTHERLAND: 18 With regard to the rest of the question about 19 Q. Am I handing you as Number 12 the documents 19 is this the sole document I rely on, again, as I 20 referenced in Footnote 146? 20 described earlier, the interrelationship between these 21 A. Yes. 21 documents. And for example, if you look at Exhibit 10, 22 22 Q. Now, other than what I have just handed you, "The Essential Principles of Safety and Performance of 23 the GHTF document from 2011 (superseding 2005) is there 23 Medical Devices," and you look at the table of contents, 24 another document that you're referring to there that sets 24 B 13 under Section 7 is label and instructions for use. 25 out any kind of labeling standard on which you rely on 25 These documents, as I mentioned, are interrelated. If Page 87 Page 89 1 for your opinion? you look at the reference page in that Exhibit 10 on 2 MR. KUNTZ: I'm going to object. It's vague. 2 essential principles of safety and performance, you'll 3 BY MS. SUTHERLAND: 3 see that one of the reference documents is the label and 4 Q. I can rephrase if you didn't understand. 4 instructions for use for medical devices. 5 MR. KUNTZ: Related to just the GHTF or all 5 Additionally, if you look in what's Exhibit 8, 6 documents? 6 the second tab, the guidance document, principles of 7 7 BY MS. SUTHERLAND: conformity assessment for medical devices, you will see Q. My question was a document that sets out the 8 8 that in the documents referenced there, the label 9 standard in addition to what we have already marked, is 9 instructions for use for medical devices is included. 10 there another document that I can look at that sets out 10 Again, if you look under the third tab also in 11 the standard for labeling for which you're relying on for 11 Exhibit 8, the summary technical documentation for 12 your opinion contained in Number 3? 12 demonstrating conformity to the essential principles of 13 13 A. I want to look up something for a moment, but I safety and conformance of medical devices (STED), you 14 want to say that the initial labeling for medical devices 14 will see, also, that -- in this case, it references the 15 standard that predated the 2011 and the 2005 was in 15 2005 document, labeling for medical devices is 16 February of 2000, and it is included in the binder of 16 referenced. 17 17 GHTF final documents. Q. Multiple documents is what you're telling me? 18 18 Q. Was that the first one? A. Multiple documents, yes. 19 A. To the best of my recollection. That's to the 19 Q. Let me ask you this: You and I have talked 20 best of my recollection, yes. 20 before about the blue book memo from 1991; right? 21 Q. TVT came out before that, didn't it? 21 A. Yes. 2.2 A. Yes, it did. I'm just trying to think back. 22 Q. And as I understand it, that sets out a 23 When I told you about current documents, I did include in 23 standard that you warn of risks that are associated with the binder GHTF documents, some of the predate documents, 24 24 the device; correct? 25 and I'd have to double check whether the 2000 is still 25 A. Yes.

Page 92 Page 90 1 O. Now, is there a similar standard setting out 1 than with mesh, to correct prolapse; correct? 2 what risks you need to warn about in those GHTF documents 2 3 that you told me? 3 Q. Surgeries, other than with mesh; right? 4 A. Yes, and it's stated in my report. If you look 4 A. Yes. 5 5 at Exhibit 1 to the supplemental report, at the bottom of Q. Now, are you familiar enough with those other 6 page 5, there's a discussion on labeling. 6 surgeries to tell me which of the risks listed here in 7 7 If you see at the top of page 6, the standard this first section, from hematoma to procedure failure, 8 8 is that instructions for use should include any residual you do not have if you don't use mesh? 9 9 risk. And importantly, risk is defined as the A. That you do not have? 10 10 probability of occurrence of the risk -- a combination of Q. Right. Are there any risks there listed that 11 the probability of occurrence of the risk and the 11 you don't have if you don't use mesh? 12 12 severity of the risk. Instructions for use should A. Contracture of the mesh itself. 13 include any residual risk, warnings, precautions, 13 Q. Any other ones that you do not have if you 14 limitations, or contraindications and measures to be 14 don't use mesh? 15 taken. The information included in the instructions for 15 MR. KUNTZ: I'm going to object as vague as to 16 use should be consistent with available clinical data, 16 postoperative or long-term. 17 and all the hazards -- emphasis on all -- all the hazards 17 THE WITNESS: In fact, I was just going to say 18 and other clinically relevant information should be 18 what you have to consider here is not only -- I have 19 identified appropriately. Any expected and foreseeable 19 pointed that out in multiple reports, not only whether or 20 side effects, including information to be provided to the 20 not they occur with other procedures, but the difference 21 patient, should be included in the instructions for use, 21 in the frequency of occurrence and the severity of 22 22 and any residual risk identified in a risk analysis occurrence, the permanency of the occurrence. 23 should be reflected as contraindications or warnings 23 BY MS. SUTHERLAND: 24 within the labeling. 24 Q. I'll get to that. Right now the only question 25 Q. Now, would you agree with me that -- you have 25 is -- and I think you answered that -- just out of the Page 91 Page 93 1 risks associated with just surgery itself, and then you 1 first grouping, from hematoma to procedure failure, are 2 have risks associated with the use of the device. 2 there risks there that you don't have if you don't use 3 Are you following me? 3 mesh? And you told me contracture, which you equated to 4 4 contracture of mesh; correct? A. Yes. 5 5 Q. Turn to page 35 and 36 of your original Prosima A. Yes. I would also add, although pain is listed 6 report. 6 here -- you have to define what the list is, and it's 7 7 A. Yes. defined in my report that these were, this particular 8 8 Q. Yours looks different than mine. list, is a list of adverse events that Ethicon had been 9 9 requested, in this case by FDA, to add to the Prolift. A. I'm sorry. 10 Q. I know we're talking about prolapse in this 10 Q. That's not what I asked you. I didn't ask you 11 instance, and you have a list of risks under adverse 11 anything about that. 12 reactions. 12 A. We're talking about a specific list. 13 13 Do you see that? Q. There's no question pending. 14 14 A. I'm still answering the prior question. You A. Yes. 15 Q. And it starts with hematoma and goes through 15 asked me if these were all -- if that was the only one. 16 16 procedure failure. Pain is listed here because that's how it was 17 17 A. Yes. presented by FDA, but chronic pain is not listed here, 18 18 MS. SUTHERLAND: Can we go off for a minute? and chronic pain is something, for example, that you find 19 19 (Recess.) with mesh and typically not with other procedures. 20 BY MS. SUTHERLAND: 20 Q. Do you have chronic pain at all with other 21 21 Q. We were looking at the risks you have listed procedures to fix prolapse when you don't use mesh? 22 under adverse reactions from hematoma to procedure 22 MR. KUNTZ: Objection. 23 failure; correct? 23 BY MS. SUTHERLAND: 24 24 A. Yes. Q. Have you seen that in the literature? 25 Q. Now, you understand that there are ways, other 25 A. Not in the same fashion.

	Page 94		Page 96
1	Q. Have you seen it in the literature?	1	EXAMINATION
